Overall Length:

5.500 inches

Overall Height:

0.630 inches

Overall Width:

3.341 inches

Product Name:

Fsc application data: oscillator module, test central, airborne weapons system

Special Features:

Capacitor 23, connector 2, coil 7, printed wiring board 1, reactor, variable 1, resistor 18, semiconductor device, diode 1, transistor 3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
