Overall Length:

16.375 inches

Overall Height:

0.625 inches

Overall Width:

5.375 inches

Product Name:

Fsc application data: test equipment, photographic, specialized

Special Features:

Capacitors 19; operational amplifier 1; printed wiring board 1; relays 3; resistors 53; diodes 121; switches 3; triple input nor-gate 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
