Overall Length:

7.000 inches

Overall Height:

0.468 inches

Overall Width:

7.000 inches

Product Name:

Fsc application data: power supply, guided missile remote controlsystem

Special Features:

Capacitor 9, microcircuit 27, printed wiring board1, resistor 21, semiconductor device, diode 12

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
