**End Application:**

Indicator control group p/n angra111

**Special Features:**

Components: capacitor 9, ejector, card 1, printed wiring board 1, resistor 19, transistor 5; mounting method: plug-in; used as input amplifier

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
