Overall Length:

2.750 inches

Overall Height:

0.375 inches

Overall Width:

1.125 inches

Product Name:

Fsc application data: indicator, electricaltachometer

Special Features:

Capacitor 12, coil inductor 1, diode 6, integrated circuit 2, printed wiring board 1, resistor 16, transistor 1, variable resistor 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
