Overall Length:

12.093 inches

Overall Height:

0.512 inches

Overall Width:

7.937 inches

End Application:

Vast support

Product Name:

Fsc application data: test set, countermeasures

Special Features:

Capacitor 10, microcircuit 44, printed wiring board1, relay 2, resistor, fixed 29, resistor, variable 2, semiconductor device, diode 10, transistor 4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
