Overall Length:

4.781 inches

Overall Height:

0.375 inches

Overall Width:

1.765 inches

End Application:

Type no. An/arc-115

Special Features:

Components: capacitor, fixed 28, capacitor, variable 1, coil 2, crystal 1, diode 10, network 9, printed wiring board 1, resistor, fixed 44, transistor 15; mounting method: plug-in; usage design: divider, 10 mc oscillator and phase detector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
