Overall Length:

4.387 inches

Overall Height:

1.000 inches

Overall Width:

3.800 inches

Product Name:

Fsc application data: indicator, display, radar set, airborne

Special Features:

Capacitor 9, coil 2, connector 1, insulator 24, printed wiring board 1, relay 6, resistor 87, semiconductor device, diode 25, transistor 18

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
