Overall Length:

7.825 inches

Overall Height:

0.470 inches

Overall Width:

3.390 inches

Product Name:

Fsc application data: test station, control, guided missile remote controlsystem

Special Features:

Printed wiring board 1, semiconductor device, diode 24

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
