Overall Length:

4.525 inches

Overall Height:

0.875 inches

Overall Width:

3.000 inches

Product Name:

Fsc application data: guided missile remote control system, airborne

Special Features:

Capacitor 2, diode 16, printed wiring board 1, relay 3, resistor 23, transistor 3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
