Overall Length:

5.125 inches

Overall Height:

0.375 inches

Overall Width:

4.437 inches

Product Name:

Fsc application data: guided missile remote control system airborne

Special Features:

Capacitor 4, integrated circuit 5, printedwiring board 1, resistor 28

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
