**Overall Length:**

10.500 inches

**Overall Height:**

0.062 inches

**Overall Width:**

3.000 inches

**End Application:**

Photo system component, 428a, m430a, tact info process sys

**Special Features:**

Major components: capacitor 32; connector plug 1; integrated circuit 1; printed wiring board 1; resistor 54; mounting configuration: plug in mtd; cacall director system, telephone

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
