Overall Length:

7.500 inches

Overall Height:

1.125 inches

Overall Width:

5.231 inches

Product Name:

Fsc application data: transmitting set, electronic guidance signals

Special Features:

Printed wiring board 1, capacitor 10, resistor 39transistor 17, diode 5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
