Product Name:

Fsc application data: programmable resistive load, test central, airborne weapon system, automatic

Special Features:

Resistor 11, insulator 12, transistor 7, semiconductor diode 1, relay 1, choke 1, heat sink 1, insulator, disc 1, strap cable 2, insert 1, panel component mounting 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
