Product Name:

Fsc application data: programmable resistive load, test central, airborne weapon system, automatic

Special Features:

Connector 1, resistor 12, receptacle screw lock 2, relay 7, semiconductor device 13, panel component, mounting 1, terminal board 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
