Overall Length:

6.000 inches

Overall Height:

0.596 inches

Overall Width:

5.000 inches

Product Name:

Fsc application data: analyzer, test central, weapon systems specially designed, acft

Special Features:

Capacitor 17, connector 1, cover assembly 1, chopper 1, diode7, insulator 8, printed wiring board 1, relay 1, resistor 39, thermocouple 2, transistor 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
