Product Name:

Fsc application data: programmable resistive load, test central, airborne, weaponsystem, automatic

Special Features:

Connector 1, diode 11, resistor 11, relay 11, terminal board 1, receptacle 2, panel, component mounting 1, terminalstud 22

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
