End Application:

Ea-6b acft

Material:

Beryllium and copper

Material Specification:

Qq-c-533 federal specification single material response

Surface Treatment:

Cadmium and copper

Surface Treatment Specification:

Qq-p-416, type 2, class 2 federal specification 1st treatment response and mil-c-14550, cl 2 military specification 2nd treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03600

Mil-std (military Standard):

Mil-c-14550 spec.
