Product Name:

Fsc application data: programmable resistive load, test central, airborne weapon system, automatic

Special Features:

Connector 1, diode 21, terminal board 1, receptaclelock 2, resistor 20, relay 11, panel, component mounting 1, insulator 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
