**Product Name:**

Fsc application data: programmable resistive load, test central, airborne weapon system, automatic

**Special Features:**

Connector 1, diode 21, terminal board 1, receptaclelock 2, resistor 20, relay 11, panel, component mounting 1, insulator 2

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
