Product Name:

Fsc application data: programmable resistive load, test central, airborne, weapon system, automatic

Special Features:

Connector 1, diode 8, resistor 8, insulator 1, relay 8, terminal board 1, capacitor 4, panel, component mounting 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
