Overall Length:

6.570 inches

Overall Height:

0.625 inches

Overall Width:

10.000 inches

End Application:

Buec uhf, back up emergency communication - uhf

Special Features:

Capacitor 32; diode 9; inductor 2; integrated circuit 23; potentiometer 5; printed wiring board 1; resistor 79; insulator 11; transistor 11

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
