Product Name:

Fsc application data: programmable resistive load, test central, airborne weapons system, automatic

Special Features:

Connector 1, diode 21, terminal board 1, receptaclelock 2, panel, component mounting 1, resistor 20, relay 11, insulator 2, terminal stud 60

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
