Overall Length:

9.000 inches

Overall Height:

1.310 inches

Overall Width:

4.380 inches

Special Features:

Braid board 1, capacitor 2, integrated circuit 17, printed wiring board 1, resistor 32

Reference Number Differentiating Characteristics:

As modified by mfr source controlling dwg fscm 30003 part no.247asc1876-001

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
