Product Name:

Fsc application data: switching matrix, radio communication, airborne

Special Features:

Capacitor 2, diode 40, connector 2, printed wiring board 1, insulator strip 2, operational amplifier 1, relay 10, resistor 17, test point 7, transistor 3, mounting pad 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
