**Product Name:**

Fsc application data: switching matrix, radio communication, airborne

**Special Features:**

Capacitor 2, diode 40, connector 2, printed wiring board 1, insulator strip 2, operational amplifier 1, relay 10, resistor 17, test point 7, transistor 3, mounting pad 1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
