**Overall Length:**

2.218 inches

**Overall Height:**

0.275 inches

**Overall Width:**

1.619 inches

**End Application:**

Radio and navigation equipment, airborne

**Features Provided:**

Electrostatic sensitive

**Criticality Code Justification:**

Cbbl

**Special Features:**

Network 1, printed wiring board 1, connector mounted

**Precious Material:**

Gold and silver

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
