Overall Length:

8.000 inches

Overall Height:

0.750 inches

Overall Width:

4.500 inches

Product Name:

Fsc application data: oscilloscope, except specially designed

Special Features:

Bead, shielding 1; contact, electrical 29; capacitor 21; choke, rf 2; heat sink, electrical 2; printed wiring board 1; resistor 56; switch, slide 1; semiconductor device, diode 9; transistor 13

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
