Overall Length:

7.000 inches

Overall Height:

0.370 inches

Overall Width:

6.000 inches

End Application:

5840-00-220-5690

Product Name:

Fsc application data: radar, nonairborne, except fire control and guided missile

Special Features:

Capacitors 6; connector 1; delay line 1; jacks, tip 18; mounting pads 21; printed wiring board 1; networks 12; resistors 47; semiconductor diodes 2; transistors 21

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
