Product Name:

Fsc application data: test set, computer

Special Features:

Printed wiring board 1, transistor 16, diode 26, integrated circuit 5, capacitor 10, resistor 46, relay 5, circuit card extractor 2, connector 1, test jack 5, terminal lug 12

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
