Overall Length:

2.703 inches

Overall Height:

0.387 inches

Overall Width:

2.625 inches

Product Name:

Fsc application data: modem, digital data

Special Features:

Capacitor 26, connector 1, diode 3, inductor 8, integrated circuit 3, insulator 10, heat sink 2, mount 5, printed wiring board 1, resistor 42, transformer 3, transistor 2, variable resistor 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
