**Product Name:**

Fsc application data: power supply, test central, weapons system, specialy designed, acft

**Special Features:**

Capacitor 11, connector 1, microcircuit 15, networksummation 1, printed wiring board 1, programmer, electronic, commandsignal 3, resistor 55, semiconductor device, diode 10, transistor 1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
