**Overall Length:**

5.400 inches

**Overall Height:**

0.632 inches

**Overall Width:**

4.656 inches

**Product Name:**

Fsc application data: interconnection device, line receiver, digital display indicator, test, aircraft

**Special Features:**

Capacitor 6, connector 2, microcircuit 10, printedwiring board 1, resistor 18, semiconductor device, diode 3

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
