Overall Length:

5.400 inches

Overall Height:

0.672 inches

Overall Width:

4.656 inches

Product Name:

Fsc application data: interconnection device, vertical display indicator group, test, acft

Special Features:

Capacitor 8, connector 2, converter 1, microcircuit 8, printed wiring board 1, relay 5, resistor 21, semiconductor device, diode 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
