**Overall Length:**

5.400 inches

**Overall Height:**

0.632 inches

**Overall Width:**

4.023 inches

**Product Name:**

Fsc application data: interconnection device, vertical display indicator group, test set, aircraft

**Special Features:**

Capacitor 7, connector 2, microcircuit 12, network 2, printed wiring board 1, relay 1, resistor 52, semiconductor device, diode 1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
