Overall Height:
0.680 inches
Product Name:
Fsc application data: detecting set, magnetic
Special Features:
Capacitor 11, connector 1, insulator disc 4, printed wiring board 1, resistor 20, semiconductor 1, semiconductor device diode 1, transistor 4
Shelf Life:
N/a
Unit Of Measure:

Fiig:

A511k0

**Demilitarization:** Yes - demil/mli
