**Overall Length:**

10.300 inches

**Overall Height:**

0.400 inches

**Overall Width:**

8.625 inches

**Product Name:**

Fsc application data: test set, guided missile system

**Special Features:**

Capacitor 14, diode 48, printed wiring board 1, integrated circuit 32, resistor 59, transistor 12

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
