Overall Length:

1.700 inches

Overall Height:

0.425 inches

Overall Width:

3.750 inches

Product Name:

Fsc application data: test set, guided missile system

Special Features:

Capacitor 2, connector 1, diode 5, integrated circuit 2printed wiring board 1, relay 3, resistor 12, transistor 4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
