Overall Length:

9.100 inches

Overall Height:

1.000 inches

Overall Width:

2.250 inches

Product Name:

Fsc application data: detecting sets, infrared, communication type

Special Features:

Capacitor 2, connector 1, contact, pin 37, fault detector 9, insulator, disk 22, printed wiring board 1, relay 7, resistor 25, semiconductor device 20, spacer 4, terminal 5, transistor 22

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
