Overall Length:

7.375 inches

Overall Height:

0.531 inches

Overall Width:

6.625 inches

End Application:

5840-00-220-5690

Product Name:

Fsc application data: radar, nonairborne, except fire control and guided missile

Special Features:

Board, printed wiring 1; capacitor 9; coil 1; connector 6; handle 1; microcircuit 3; mtg pad 8; resistor 37; semiconductor device diode 15; transistor 8

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
