Overall Length:

0.560 inches

Overall Height:

0.840 inches

Overall Width:

0.970 inches

End Application:

Electronic components assembly

Special Features:

Printed wiring board 2, header assembly 1, resistor 12; mounting configuration: connector board plug in

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
