Overall Length:

3.750 inches

Overall Height:

0.062 inches

Overall Width:

3.880 inches

End Application:

416I continental air defense control and warning system

Special Features:

Pwb 1, cap 3, diode 5, res 22, transistor 7; four 0.169 in diameter mtg holes irregularly spaced

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
