Overall Length:

5.200 inches

Overall Height:

1.625 inches

Overall Width:

4.000 inches

End Application:

Electronic components assembly

Special Features:

Connector 1, diode 2, integrated circuit 1, mounting 1, relay 2, resistor 2, transistor 4; mounting configuration: six mounting screws

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
