Overall Length:

6.830 inches

Overall Height:

0.937 inches

Overall Width:

4.250 inches

Product Name:

Fsc application data: receiver-transmitter, radio set, communication, airborne

Special Features:

Capacitor 106, diode 10, inductor 44, integrated circuit 5, printed wiring board 1, relay 1, resistor 90, transistor 8

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
