Overall Length:

1.622 inches

Overall Height:

1.938 inches

Overall Width:

2.625 inches

Product Name:

Fsc application data: miscellaneous communication equipment

Special Features:

Printed wiring board, resistor 18, capacitor 8, semiconductor device diode 5, transistor 6, terminals 15, plug 4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
