Overall Length:

4.000 inches

Overall Height:

0.180 inches

Overall Width:

0.330 inches

Unthreaded Mounting Hole Diameter:

0.067 inches single mounting facility and 0.070 inches single mounting facility

Mounting Facility Type And Quantity:

2 unthreaded hole single mounting facility

Material:

Copper alloy

Material Specification:

Qq-c-533 federal specification single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416c, type 2, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03600
