Product Name:

Fsc application data: absorber assembly, dynamic self tuning

Special Features:

Resistors 20, diodes 20, capacitors 13, pad transistor mounting 6, coolers 4, rectifiers 4, transistors 4, integrated operational amplifiers 3, transformers 3, connector 1, board p.C. 1, transipad 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
