Overall Length:

6.000 inches

Overall Height:

0.782 inches

Overall Width:

4.000 inches

Product Name:

Fsc application data: detecting sets, infrared, communication type

Special Features:

Capacitor 4, coil 2, connector 1, insulator disk 1, integrated circuit 4, jack, tip 6, printed wiring board 1, relay 1, resistor 16, semiconductor device 2, transistor 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
