Overall Length:

5.205 inches

Overall Height:

0.534 inches

Overall Width:

4.250 inches

End Application:

Amplifier-power supply, radio set, airborne

Special Features:

Capacitor 27, diode 27, contact 53, housing 1, integrated circuit 8, printed wiring board 1, resistor 93; connector mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
