| Overall Length:                                                    |
|--------------------------------------------------------------------|
| 10.250 inches                                                      |
| Overall Height:                                                    |
| 0.500 inches                                                       |
| Overall Width:                                                     |
| 10.000 inches                                                      |
| End Application:                                                   |
| General purpose adp                                                |
| Features Provided:                                                 |
| Electrostatic sensitive                                            |
| Criticality Code Justification:                                    |
| Cbbl                                                               |
| Special Features:                                                  |
| Pwb 1, capacitor 31, microcircuit 59, resistor 9; plug-in type mtd |
| Shelf Life:                                                        |
| N/a                                                                |
| Unit Of Measure:                                                   |
|                                                                    |
| Demilitarization:                                                  |
| Yes - demil/mli                                                    |
| Fiig:                                                              |
| A511k0                                                             |
|                                                                    |
